Independent Auditors' Report

Board of Directors
Old Mutual Financial Network Securities, Inc.:

We have audited the accompanying statement of financial condition of Old Mutual Financial Network Securities, Inc. (the Company) as of December 31, 2007 and the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Old Mutual Financial Network Securities, Inc. as of December 31, 2007, and the results of its operations and its cash flows for the year then ended, in conformity with U.S. generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information included in Schedules 1, 2 and 3 is presented for the purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statement and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

OLD MUTUAL FINANCIAL NETWORK SECURITIES, INC.

Notes to Financial Statements

December 31, 2007

(1) Description of Business

Old Mutual Financial Network Securities, Inc. (the Company) was organized in 1985 under the laws of the state of Maryland and is a wholly owned subsidiary of OM Financial Life Insurance Company (OMFLIC) which is an indirect subsidiary of Old Mutual U.S. Holdings. In 2006, the name of the company was changed from F&G Securities, Inc. to Old Mutual Financial Network Securities, Inc. In December 2006, the Company commenced business as a broker-dealer. The Company is a registered broker-dealer under the Securities Act of 1934 and is also a member of the National Association of Securities Dealers and the Securities Investor Protection Corporation. Conforming to and complying with the Investment Company Act of 1940, the Company is the principal underwriter providing distribution services of OMFLIC's variable annuities through distribution agreements with other unaffiliated broker-dealers.

(2) Summary of Significant Accounting Policies

(a) Basis of Preparation

The financial statements are prepared in accordance with U.S. generally accepted accounting principles which require the use of estimates made by management. Actual results may vary from those estimates.

(b) Cash and Cash Equivalents

Cash equivalents consist of short-term, highly liquid investments in money market mutual funds. The cost of these investments is equivalent to fair value.

(c) Revenue Recognition

Commission revenue is recognized when earned and recorded when the policy is issued.

(d) Income Taxes

The Company files its tax return as part of the consolidated federal tax return of Old Mutual U.S. Holdings (OMUSH). The Company will be reimbursed by OMUSH for the use of its tax attributes if they are absorbed by other members of the consolidated group. The current and deferred taxes recorded on the balance sheet are as of the date of the financial statements, utilizing currently enacted rates. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax assets or liabilities between years.

(3) Net Capital and Reserve Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital required of 6-2/3% of our aggregate indebtedness. At December 31, 2007, computed net capital of \$1,450,075 was in excess of required net capital of \$48,445. The aggregate indebtedness to net capital ratio was acceptable at December 31, 2007.

OLD MUTUAL FINANCIAL NETWORK SECURITIES, INC.

Notes to Financial Statements

December 31, 2007

(4) Transactions with Affiliates

All operating expenses incurred and recorded by the Company are paid by Old Mutual Business Services, Inc. The Company periodically settles the intercompany due to or from Old Mutual Business Services, Inc. by cash transfer.

The Company shares certain office facilities with OMFLIC and is billed under the administrative services agreement for the use of these office facilities.

During 2007 the Company reported commission revenue of \$240,197 related to the underwriting of OMFLIC's variable annuities. Total premiums in 2007 on variable annuities amounted to \$4,356,401.

(5) Income Taxes

Deferred income taxes arise from temporary differences between taxable income for financial statement and income tax return purposes. The Company established a deferred tax asset of \$666,809 for the current and prior period federal net operating loss. Those losses will expire between 2022 and 2027 if not utilized by the Company or other members of the Consolidated Group. No valuation allowance is required for the federal NOL because the companies that comprise the consolidated group have a demonstrated history of taxable profits, and/or tax planning strategies sufficient to absorb all group losses included those contributed by Old Mutual Financial Network Securities, Inc. The Company has an estimated state NOL of \$213,467 which has been fully provisioned against because the company has not demonstrated the ability to generate profits sufficient to utilize the loss on a standalone basis.

Schedule of deferred tax assets:

2002-2006 Federal NOLs	\$ 5,772
2007 Federal NOL	661,037
State NOLs	213,467
State valuation allowance	<u>(213,467)</u>
Net DTA	<u>\$ 666,809</u>

Reconciliation of taxes:

Net loss from operations before income taxes	\$ (3,040,145)
Increase from release of valuation allowance	\$ (5,772)
Expected income tax (benefit) at 35%	(1,064,051)
Increase (decrease) in tax resulting from:	
Nondeductible expenses for meals and penalties	<u>2,489</u>
Total income tax expense (benefit)	<u>\$ (1,067,334)</u>

Independent Auditors' Report on Internal Control Required by SEC Rule 17a-5(g)(1)

The Board of Directors
Old Mutual Financial Network Securities, Inc.:

In planning and performing our audit of the financial statements of Old Mutual Financial Network Securities, Inc. (the Company) as of and for the year ended December 31, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with U.S. generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those responsible for oversight of the company's financial reporting.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures as described in the second paragraph of this report, were adequate at December 31, 2007, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc. and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
